PROFILE

I'm a student studying IT who is looking for an entry-level job or internship to finish the course and advance my expertise of programming, project management, and teamwork.

I'm looking for the chance to expand my understanding of programming and pick up new skills so I can graduate with my National Diploma in IT (Software Development) and start polishing my skills for a future profession. I put effort into preparing for university coursework and self-taught online courses. I'm determined to put my skills to use as I contribute to a company's objective. Strong creative and analytical skills. Team player with an eye for detail.

PROJECTS

BARBERSHOP APPOINTMENT BOOKING

- This is an appointment booking system for my neighborhood barbershop.
- Users can schedule appointments and examine the services offered.
- The system emails the user a confirmation and alerts the barbershop
- Code : <https://github.com/CedriicOde/the-barbershop>

QUICK ACCESSORS

- A collection of quick API applications, such as a quick password generator, weather app, clock app, and URL shortener and free advice.
- Live : <https://cedriicOde.github.io/quick-generators/>

ESTATE WEBSITE

- Rebuilt a landing page layout for a Midrand estate. I believed their website's user experience needed improvement after looking at it, so I made my own design without all of their content.

TO WHOM IT MAY CONCERN

The letter certify that **Mr Ngcobo CS**(Student number **219305982**) is a potential graduate for National Diploma in IT: Software Development from the Tshwane University of Technology.

It is my pleasure to recommend **Mr. Ngcobo CS** for a work integrated learning exposure as it is a requirement for the student to complete the diploma

The major fields of study in this diploma are:

- Software Development (Programming)
- Mobile Development
- Business Analysis and Modelling
- Software Testing
- Database Development and Administration

For the experiential training to add value to the student, we suggest that the students be assigned tasks and responsibilities that are aligned to her field of study. It is to be noted that the above mentioned fields of studies are only a guideline in this regard, any other Information Technology (IT) oriented projects and task may also be accepted. The duration of the industry exposure should be a minimum of **6 months**.

The student has consistently demonstrated an ability to rise to any challenges that he may face in his academic studies or any other endeavour.

In conclusion, I would like to state my strong recommendation for **Mr. Ngcobo CS**. If you have any further questions regarding his ability or this recommendation, please do not hesitate to contact me or my office using the information on this letter head.

Please note that to be eligible to register for industry exposure module, the student must not have any outstanding modules left.

Kind Regards,
Vivian Masuku
